

Dear Madam,

We would like to congratulate you on your pregnancy. We are happy to welcome you to our outpatient clinic. Our specialised care providers will support you not only during your pregnancy and delivery but, after that time, we will also provide you with appropriate obstetric or medical care.

By way of this letter, we want to inform you about how your first appointments will proceed. First an ultrasound will be taken, then a nurse will provide you with health information about the pregnancy and, finally, you will have an intake with a doctor. You should count on spending 1.5 hours at the outpatient clinic. For the appointments to proceed as smoothly as possible, it is important that you arrive on time. If you arrive too late, unfortunately, one of the components of the appointments will expire, and you will have to schedule a new appointment for this. You will see the date and time of your appointments in MijnHMC.

#### Preparation for your appointment

- In preparation for your appointment, we ask you to complete **two** questionnaires about your health. You can find one questionnaire in MijnHMC (log in via the website [www.haaglandenmc.nl](http://www.haaglandenmc.nl)). You will receive the other questionnaire by email. It is important to complete **both** questionnaires.
- Do you use medication? Let us know during your appointment at the hospital. You can obtain a current medication overview from your own pharmacy or you can give permission to share medication data (via LSP [www.volgjezorg.nl](http://www.volgjezorg.nl)). For more information see: <https://www.haaglandenmc.nl/specialismen/afdeling/ziekenhuisapothek>
- Please also take a look at our own website in preparation for your appointment [www.haaglandenmc.nl/specialismen/afdeling/verloskunde](http://www.haaglandenmc.nl/specialismen/afdeling/verloskunde) or on [www.allesoverzwanger.nl](http://www.allesoverzwanger.nl)
